In Conversation with the School Supervisor, Mr Moolchand

Shubh Mittal

Q. एक स्कूल पर्यवेक्षक के रूप में आपके कार्य के अंतर्गत क्या-क्या आता है

एक स्कूल पर्यवेक्षक के रूप में अपनी भूमिका में, मैं एक बहुआयामी जिम्मेदारी स्वीकार करता हूँ जो हाउसकीपिंग, बागवानी और सहायकों, और विभिन्न सहायक कर्मचारियों के समन्वय जैसे आवश्यक कार्यों की देखरेख तक फैली हुई है। यह महत्वपूर्ण भूमिका मुझे स्कूल के दैनिक संचालन के केंद्र में रखती है, जहां मैं निर्बाध संचालन सुनिश्चित करने के लिए लगन से काम करता हूँ। मेरा योगदान महत्वपूर्ण रूप से प्रभावी शिक्षण के लिए अनुकूल माहौल को आकार देता है, जहां छात्र और कर्मचारी दोनों आगे बढ़ सकें।

Q. आप कितने वर्षों से इस स्कूल का हिस्सा हैं?

स्कूल को 12 साल समर्पित करने के बाद, एक पर्यवेक्षक के रूप में मेरी यात्रा समृद्ध रही है।

Q. स्कूल के माहौल पर आप क्या कहेंगे?

हमारे स्कूल को अत्यधिक सकारात्मक माहौल और एक पोषणकारी वातावरण द्वारा चिह्नित किया गया है,

एक ऐसा आश्रय स्थल बनाता है जो न केवल शैक्षणिक उत्कृष्टता को बढ़ावा देता है बल्कि छात्रों और कर्मचारियों दोनों के लिए समग्र विकास को भी बढ़ावा देता है। यह वातावरण सहयोग को प्रोत्साहित करता है, ज्ञान के लिए जुनून पैदा करता है और हमारे शैक्षिक पारिस्थितिकी तंत्र के भीतर प्रत्येक व्यक्ति के व्यापक विकास का समर्थन करता है।

Q. आप स्कूल में अनुशासन का नियंत्रण रखने में कैसी मदद करते हैं?

अनुशासन बनाए रखने के लिए, मैं एक सक्रिय रुख अपनाता हूँ, देखभाल की भावना के साथ सहायकों को मार्गदर्शन प्रदान करता हूँ, सम्मानजनक संचार को बढ़ावा देने पर जोर देता हूँ। मैं सीखने के लिए अनुकूल माहौल को प्राथमिकता देते हुए, कक्षाओं में व्यवधानों को पहले से ही कम करने के लिए कम मात्रा में प्रवचन की वकालत करता हूँ। यह मेरे विश्वास को रेखांकित करता है कि छात्रों और कर्मचारियों दोनों के समग्र विकास और सफलता के लिए एक अनुशासित लेकिन पोषणकारी सेटिंग आवश्यक है।

In a world where she's
cast in many a roles,

A girl, a woman, with a
heart and soul.

She's a daughter, a sister,
a friend so true,

In every role, she shines

As a mother, her love
knows no end.

Guiding her children, a
caring hand to lend.

In her career, she's fierce
and strong,

Breaking boundaries,
proving she belongs.

She's a dreamer, with
ambitions high,

Reaching for the stars in
the vast sky.

With resilience, she faces
every test,

In this world, she's truly

Wisdom From the Top

A tete-a-tete with Ms. Rekha Guleria, Proctor and Middle Wing Coordinator

TEAM is a group of many hands and one mind. It is important to make sure that the mind works toward one goal. There are times when we meet people with different point of view. How should we deal with such disagreements?

To come to a common agreement, the first step is always to 'listen' carefully to every individual and reflect on it before answering and encouraging a discussion making it easier to come to a common solution. As a leader, it is important to take a 360-degree view of everyone's points but it is even more important to have your own opinion because just like everyone else's our own opinion matters too which shouldn't be buried in a group discussion.

Over the years of your teaching, what has shaped your personality?

Anything and everything can teach us something new. Over the 18 years of my teaching, I've met people with new personalities and ideas, and one way or the other, it has shaped me into who I am today. My colleagues, students, and mentors have played an important role in my life at different levels.

Throughout history we have treated our teachers like second God as the saying goes, *Guru Brahma, Guru Vishnu*. But nowadays teachers strive to become friends with the students. Your thoughts on this?

We have seen students like Arjun, who treat their teacher like 'God' but as time passes and modernization takes over the world, it is getting important to realise who your student is. Personalized learning is a thing now and with that the teachers need to be friendly and make sure that the child is frank with them, so that even they know how to handle the child.

One thing you would like to say to your students?

School time is when a child gets ready for life. So for all the students out here, it is important to know that school life is like an umbrella, with its ribs as the different skills a student gets to learn, and the more ribs we have, the stronger the umbrella will be. It is important to use your time wisely.

"Place this salt in water and bring it here tomorrow morning". The boy did.

"Where is that salt?" his father asked?

"I do not see it."

"Sip here. How does it taste?"

"Salty, father."

"And here? And there?"

"I taste salt everywhere."

"It is everywhere, though we see it not. Just so, dear one, the Self is everywhere, within all things, although we see it not. There is nothing that does not come from it. It is the truth; it is the Self supreme. You are that, Shvetaketu.

You Are THAT."
