## A BRIEF HISTORY OF THE SOCIETY AND SCHOOLS

Founded in 1980, the **Delhi Public School Ghaziabad Society** stands for the advancement of education. At its heart sit seven co-ed schools across four districts which are synonymous with modern India and 21st century dynamism. The Society's primary purpose is to draw out the best of young people's talent and enable them to flourish and make a positive impact on others through the course of a healthy, happy, and fulfilling life. With 7 schools and more than 10,000 learners, DPSG has inspired more than 1,00,000 lives through its quality education over the years. The Delhi Public School Ghaziabad Society (DPSGS) was conceived and founded by **Shri Om Pathak (IAS ret'd.)**, the former District Magistrate of Ghaziabad with support from Shri Dharamvira and Lt. Colonel (Dr.) G.P.S. Waraich (who was then the Principal of DPS Mathura Road).

With an extensive curriculum, focus on academic brilliance, holistic development through sports, performing and visual arts, and an increasing experience in digital education, DPSG Society stands as the vanguard of educational development.

The alumni of DPSG schools are placed in leadership positions across the globe. From setting up companies in the US to safeguarding the country's borders, from choreographing the landing of Chandrayaan-3 on the Moon to topping the toughest examination in the country – DPSG alumni have done it all.

We are committed to offering equal transformative educational opportunities for boys and girls. With more than 10,000 learners and 1500 educators currently integrated strongly within the community in the four bustling districts of Ghaziabad, Gurugram, Dehradun and Faridabad, DPSGS has successfully embarked on its 46th year of serving the community.

## FROM THE PRINCIPAL'S DESK

### Dear Parents

*"We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet."*  
— Swami Vivekananda

At Delhi Public School Ghaziabad, Meerut Road, we believe that true education goes far beyond textbooks and classrooms. It is a transformative journey that shapes character, nurtures intellect, and builds emotional resilience. Our aim is to cultivate learners who think independently, pursue excellence with determination, and uphold empathy and integrity. By harmonizing academics with creativity and values, we strive to make learning a joyful and meaningful experience that supports the intellectual, moral, physical, and social growth of every child.

DPSG Meerut Road is among the most sought-after CBSE and IB World Schools in the country, renowned for its forward-looking approach to learning and holistic development. Guided by Curriculum Design 2020, our student-centric pedagogy emphasizes inquiry-led, project-based learning, to nurture engaged, lifelong learners.

For Grades 11 and 12, our IB Diploma Programme (IBDP) empowers students to pursue their passions and shape purposeful futures. Our graduates are welcomed by top universities globally for their academic excellence, confidence, compassion, ethical grounding, and global outlook. We are proud to be the world's largest IB Primary Years Programme (PYP) school, offering a dynamic, future-ready model that nurtures curious, critical thinkers with strong values.

This year, we unveiled **Kala Sangam**, our dedicated Art Block, and inaugurated the state-of-the-art auditorium "**रङ्गमण्डप**" — spaces designed to celebrate creativity, expression, and collaboration. These additions provide dynamic platforms for students to showcase their talents, build confidence, and engage in performances, assemblies, cultural showcases, and academic events.

Furthermore, **Udaan 2025**, our three-day Foundational Domain and Literary Festival, reflected this vision of holistic education. The celebration highlighted student-led learning and showcased creativity across Sports, Visual and Performing Arts, Citizenship Studies, and Clubs & Societies, truly embodying the DPSG ethos of innovation, collaboration, leadership, and responsible citizenship.

We are also proud of **Manavta**, DPSG Meerut Road's social service and community-connect initiative, which encourages students to engage with real-world issues such as women's empowerment, tree plantation, digital literacy, anti-bullying, etc.

Through these activities, learners cultivate empathy, compassion, and a strong sense of social responsibility.

Recognizing the evolving global landscape, we have established a dedicated **Career Counselling and University Placement Cell (CCUP)**. This pioneering initiative offers personalized mentorship to guide students in making informed career choices, building strong academic profiles, and finding universities that align with their aspirations.

Education is a shared journey among dedicated teachers, motivated students, and supportive parents. Together, we continue to create an environment where every child feels inspired to dream, empowered to act, and equipped to lead with confidence and compassion.

**Warm regards,  
Principal**

## PARENT TEACHER CONFERENCE (PTC)

In today's educational landscape, parent-school engagement plays a pivotal role in promoting the learners' success. When schools and parents work together, it not only supports learners' learning but also builds a community of committed parents who act as goodwill ambassadors for the school.

**Parent-Teacher Conferences (PTCs)** play a key role in promoting this engagement. Such conferences create opportunities for open, two-way communication to help learners grow and ensure a supportive learning environment. To make the process effective, all the principals, teachers and school staff of DPSG follow a standard procedure across all the schools.

### Revolutionizing Parent-Teacher Connect

PTCs at DPSGS Schools are fully digitalized and managed through the Parent-Teacher Conference Portal, ensuring a smooth and organized experience. All steps must be followed carefully to maintain efficiency and ethical practices!

In addition to PTCs, our school continues to organize other ways for parents to engage and connect, such as Coffee Mornings, Student-Led Conferences, Wing Presentations and other related activities. These efforts aim to strengthen partnerships and support every learner's development!

# VISITOR MANAGEMENT SYSTEM (VMS)

The **Visitor Management System (VMS)** has been implemented across all premises to enhance security, safety and efficiency in managing visitors. This digital system replaces the traditional physical visitor registers to ensure a more streamlined and secure process for all visitors.

The policy applies to both **internal** and **external visitors** entering the premises, with internal visitors referring to employees of the organization visiting locations other than their base.

By strictly adhering to the VMS protocol, the organization aims to safeguard its premises and ensure a smoother visitor management experience.

- 1. Mandatory Use of VMS:** All DPSG schools are properly utilizing the Visitor Management System (VMS) to streamline visitor management and ensure security.
- 2. Visitor Approval & Verification:** Visitor entry requires prior approval and QR code verification.
- 3. Accurate Log Maintenance:** The VMS ensures a secure and precise record of all visitor activities.
- 4. Strict Policy Compliance:** Adherence to the VMS policy is strictly enforced across all schools.
- 5. Continuous Improvement:** Ongoing enhancements are made to VMS for seamless and efficient operations.

## CURRICULUM DESIGN (CD 2020)

'Student led; Inquiry-based' learning is at the core of holistic development at DPSG schools: The Curriculum Design at DPSG, both innovative and comprehensive, provides for three major domains with opportunities for every learner to actively participate in each of the three with choices of subjects and activities. Guided by Curriculum Design 2020, developed in alignment with NEP 2020 by our principals and 650 teachers, we go beyond academics to nurture values, skills, and attributes essential for lifelong success.

## SCHOLASTIC DOMAIN

- The syllabus is arranged into Units of Inquiry [UI] and each UI has its own array of engagements. The Grade is not treated as a batch. Instead, each learner participates actively in the inquiry and benefits therefrom.
- Extensive documentation and digital tracking ensure that everyone gets attention and help comes forth from the educators or peers to address learning gaps, if any.
- Shift from pure information recall to building understanding of concepts together with scholastic skills and competencies – Learning to Learn & Learnability.
- Personalised Learning Pathways [PLP] where learners draw their individual pathways ensuring learner's success.

## FOUNDATIONAL DOMAINS

Education today is far more and far beyond than just the academic achievement. It is about evolving physically, mentally, emotionally, socially and culturally with well-developed personal and social skills coupled with linguistic, numerical, logical & analytical competencies.

## CITIZENSHIP STUDIES

Sensitizing learners to their society and environment – making them good and responsible individuals & citizens and reconnect them with their extended families.

## HOUSE SYSTEM

The House System, which has a special relevance in our school, is a structured unit within which the learners develop feelings of loyalty, responsibility and leadership. The school has five Houses named after the five great rivers of India\_ Ganga (Blue), Yamuna (Red), Sutlej (Green), Cauvery (Yellow), Brahmaputra (Orange). From Grade 1 onwards, the children are divided into Houses and compete in a variety of disciplines such as dance, music, debating, quizzing, dramatics, amongst others. Throughout the academic year, the students get the opportunity to participate in various interhouse competitions that encourage learners to develop essential qualities of leadership, teamwork, co-operation, mutual understanding and self-reliance.

## STUDENT YEARBOOK

Student Yearbook is a wonderful way to inculcate a sense of pride and self-realization amongst the learners. It captures memories frozen in time, events that happened and faces that change inevitably. It is essentially a memoir for the learners wherein they keep all their accomplishments, photographs, anecdotes, reflections in the form of an album. The Yearbook will provide an insight to the learners about how their thought process has evolved with time. Creating a Yearbook with the learners, helps the teachers to understand their learners better and make a connect with each learner of the class. The Student Yearbook comprises of the following components:

- How I Look
- My Likes
- My Year in School
- Highlights of Foundational domain during the year
- An album of my family and friends' photographs
- Memories of Class trip and Events
- What Mentors say about me
- My Participation, Achievements and Accolades
- Blessings by elders

The Student Yearbook is a ready reckoner for our learners. Looking back at the years gone by is a pleasant experience for them and helps to promote healthy relationships between the school and its alumni. Learners are expected to complete the SYB with utmost diligence and caution ensuring that the pictures used are of good quality and becoming of a memoir.

## STUDENT STUDY PLAN

To give a wholesome learning experience to our learners, DPSG has come up with one-of-a-kind Student Study Plan, a comprehensive document that lays down the educational journey that a learner envisages for the forthcoming year. The innovative and path-breaking SSP includes mapping of core and elective subjects for an individual student both for Scholastic and Foundational Domain.

- Learners will select their Subjects, Sports, and Arts stream at the beginning of every academic year and would normally not be allowed to change their choices during the academic year.
- In consultation with the wing HM, the Home Room Teacher recommends the choice of subjects to the Principal, who shall finally approve the SSP for every learner.
- In case of classes XI & XII, however, the final subject choices shall require the Principal's approval.

### Personalised Learning Pathway

At the end of each Unit of Inquiry, there is an End-UI Test, post which Teacher conducts an Assessment Dialogue with the learners, describing analysis of the End UI test-what went well, what could be better and how. This dialogue enables learners to identify their learning gaps and create a personalised learning plan. The learners revisit related concept, practice questions until the learning gap is closed.

# GLOBAL CURRICULUM - GLOBAL OPPORTUNITIES

## CBSE

DPSG schools are affiliated to the Central Board of Secondary Education. DPSG Schools pride themselves in producing **6 CBSE Country toppers over the years.**

## INTERNATIONAL BACCALAUREATE PRIMARY YEARS PROGRAMME (IB PYP)

IB PYP programme, designed for learners aged 3-12 years, sensitizes the young learners towards global issues by incorporating them in the curriculum built around six transdisciplinary themes. The curriculum is engaging, relevant, challenging, and significant for learners. Among all DPSG schools, DPSG Meerut Road, DPSG Vasundhara, DPSG International and DPSG Palam Vihar offer IB PYP.

## PLEDGE

### TOGETHER WE CAN AND WE WILL

We are the chosen ones with immense capability,  
Demonstrating the best is our prime responsibility.

We will strive to perform in such a way,  
Excellence will be a matter of everyday.

The duties may not always be very easy to carry out,  
But dharma is there to clear our doubt.

The dharma that stands on accord and conviction,  
Will certainly lead us to success and perfection.

Integrity that holds us in a bond.

Will surely keep our worries beyond.

Preaching without practicing is completely hollow,

All the rules we would be the first to follow.

Being respected is more important than being popular,

Doing one's duty responsibly will bring us true honour.

Dear God we beseech thee-

Unto all who are put in authority,

And unto the school-

Grant wisdom and virtue.

## TRANSPORT RULES

1. Application for availing transport/change in transport routes/withdrawal of transport shall be made online by the parent through parent dashboard on SMS portal only.
2. Transport details, including routes and availability, can be viewed through the school's SMS Parent Portal. Parents can track the live location of the school bus and raise requests for starting or discontinuing transport services directly through the platform.
3. The school makes transport arrangements for the children through its own fleet of buses on an annual contract explicitly on request from parents.
4. Unauthorised travelling in the buses is viewed as a serious offence.
5. Parents are expected to co-operate with the school by ensuring that their children travelling in the buses report at their embarking points well on time, carry their identity card with them all the time and behave in a disciplined way, in the interest of their own safety as well as that of the other users.
6. In case of any problem or any mishap, the parents are advised to avoid any altercation with drivers and conductors. They should immediately contact the school authorities on the phone number given on the bus or the phone number given in the almanac. The school will ensure appropriate action in such circumstances. For any information whatsoever, parents are expected not to rely on any information that they may get from drivers and conductors. For information related to their wards and academic process, timing or working days, they should contact the school directly.
7. Parents are requested to study the specified routes and opt for those which suit them best. Please remember that it is not possible to cater to individual requirements at the cost of time and distance.
8. Students are not allowed to travel in any other bus route except their own route. However, they can do so with the permission from the respective bus incharge.
9. The bus drivers are authorised to stop the bus only at the designated stops. The bus will not wait for late comers.

## SCHOOL ERP AND WEBSITE

**School Management System (SMS)**, which is the school ERP, is a web-based system that enables parents to access their ward's information and continual progress in real time. Parents can access students' and school related activities on the web by using a secured login provided to them on **[www.sms.dpsgs.org](http://www.sms.dpsgs.org)**.

SMS empowers the students, teachers, and school to achieve more with different assessment tools, reports, and online information. While saving time, SMS lends transparency, makes systems efficient, leading to overall improvement in the institution. All the students and staff of the school have been provided with Microsoft IDs and are on MS Teams.

The school's official website **[www.dpsgs.org/ghaziabad](http://www.dpsgs.org/ghaziabad)** keeps students and parents updated and informed about the latest developments taking place in the school.
