## DPSG Cup 2025 Kicks Off with Grandeur and Sportsmanship at DPSG Meerut Road

**Raina Jain**

**Ghaziabad:** The grand inauguration of the DPSG Cup 2025 was held with great enthusiasm and sportsmanship on April 22, 2025, at DPSG Meerut Road. This prestigious inter-school tournament brings together over 1,950 talented athletes from 70 schools in the Ghaziabad Cluster, competing in a diverse range of disciplines including cricket, chess, lawn tennis, athletics, gun shooting etc. The esteemed Chief Guest, Mr. Rohit Pathak, Chairman of DPSG Vasundhara and DPSG International, graced the opening ceremony. He officially declared the tournament open and shared an inspiring message, stating that sports have the power to shape character and build leadership qualities every student should embrace. He praised the DPSG Cup as a brilliant initiative to nurture these values. Guest of Honour, Mr. Girish Vir, Director of HR, expressed his delight in witnessing young athletes compete with such enthusiasm and discipline. He highlighted that the tournament is not just about winning, but about learning, growing together, and embodying the spirit of teamwork.

Also present was esteemed guest Mr. Vishwajeet Singh, a former Ranji player and selector, who encouraged the participants by emphasizing the spirit of healthy competition and unity. He also underlined the importance of quick decision-making as a vital skill both in sports and in life. Principal Dr. Vinod Kumar warmly welcomed all dignitaries, and participants. He shared that the DPSG Cup is not merely a tournament, but a celebration of youth, talent, and teamwork. Such events promote holistic growth, resilience, and camaraderie among students. The school grounds buzzed with excitement as vibrant school banners, thunderous applause, and the unbreakable spirit of young athletes created an atmosphere of unmatched energy. The vibrant inauguration set an energetic tone for the days of spirited competition ahead, uniting the DPSG community in a powerful celebration of excellence, determination, and unity through sports.

### Investiture Ceremony: Awaiting the Rise of Leaders

The school's upcoming Investiture Ceremony is a highly anticipated event, marking the induction of our new Student Council. It will celebrate student leadership, achievement, and commitment. The event will feature an oath-taking ceremony, inspiring speeches, and the formal investiture of our talented and dedicated student leaders, who have demonstrated exceptional qualities and a passion for serving their peers. As they embark on their new roles, they will be expected to uphold the values and principles of the school, lead by example, and make a positive impact on the school community. With great enthusiasm and anticipation, students, parents, and faculty eagerly await this significant milestone.

# DPSG Meerut Road Ignites the Green Spirit: Celebrating Earth Day with Purpose, Action, and Environmental Awareness

Rishika Agarwal

**Ghaziabad:** DPSG Meerut Road celebrated Earth Day with vibrant participation across all wings, reinforcing a shared dedication to environmental conservation. The Secondary Wing held a special assembly featuring a soulful prayer, a powerful skit titled 'The Earth Story', and a Clarion Call to Action where students and staff pledged to adopt eco-friendly habits and safeguard natural resources.

The Starz Wing turned Earth Day into a joyful celebration with creative activities like badge-making, themed headgears, and a heartwarming assembly of songs, rhymes, and pledges. Dressed in green, the young eco-champions also led a spirited rally, chanting slogans to spread awareness about protecting the planet. Students of Grades 3 - 5 joined the cause with sincere enthusiasm, participating in awareness-building activities such as poster-making and thought-provoking presentations under the theme 'Save the Environment – Save Earth'. Their impactful messages reflected a growing sense of environmental responsibility. The celebration across the school was a resounding success, and DPSG MR is proud to say that it instilled a strong message of sustainability, unity, and hope for a greener future in the students.

*DT's Aarav Garg caught up with Mrs. Neha Rai, PYP Facilitator for a Q&A session*

Mrs. Neha Rai

**Q1. Why did you want to be a teacher?**

Teaching has always felt like a calling to me. I love the idea of helping students discover their strengths, grow in confidence, and develop a lifelong love for learning. Seeing a student's "aha" moment is truly rewarding

**Q2. What is your teaching philosophy?**

My teaching philosophy goes beyond academics. I believe in nurturing well-rounded individuals by focusing on values, emotional intelligence, and life skills. Education should ignite curiosity and empower students to explore the world meaningfully. With the right guidance and encouragement, every student can grow and succeed.

**Q3. What are your strengths as a teacher?**

My strengths lie in building strong, respectful connections with students and creating an inclusive learning environment. I'm known for being patient, empathetic, and clear in communication.

**Q4. How do you motivate students?**

Motivating students starts with making them feel valued. I celebrate their efforts, not just achievements, and help them build confidence even when challenges arise. By showing my own enthusiasm for learning and staying positive, I inspire them to stay curious and committed.

**Q5. How do you stay current with educational trends?**

I'm a lifelong learner myself. I regularly attend professional development programs, explore new teaching tools, and engage with educational communities.

## The Achievers Day At DPSG MR: Honouring the Meritorious Students

Rishika Agarwal

**Ghaziabad:** DPSG Meerut Road proudly organized Achievers' Day, a special event dedicated to celebrating the academic accomplishments of students for the session 2023–24. This occasion was designed to honour the sustained efforts, commitment, and academic excellence demonstrated by the students. The event served as a tribute to those who consistently pursued academic growth and maintained high standards of performance.

Awards presented during the ceremony included the prestigious Blue Crest, Fawn Crest, Scholar Badges, and Merit Certificates. These honours reflected not only scholastic achievement but also qualities such as diligence, perseverance, and a strong sense of responsibility. Each accolade was a testament to the hard work and determination shown by the recipients throughout the year.

The programme aimed to not only celebrate academic success but also to inspire students to continue striving for excellence. It encouraged the broader school community to recognise the value of discipline, intellectual curiosity, and lifelong learning.

Mr. Upendra Pandey, Coordinator of the Secondary Wing, addressed the gathering and extended his heartfelt congratulations to all the awardees. In his speech, he lauded their dedication and resilience. He emphasised the importance of sustained effort and learning beyond the classroom. His message expressed strong belief in the potential of each student to achieve great things in the future. Achievers' Day marked a proud and memorable moment for the entire DPSG MR community.

Honouring the academic brilliance, dedication, and hard work of our students!

## Empowering Future Leaders: Primary Wing Hosts Grade Student Council Elections

Divit Garg

**Ghaziabad:** The Primary Wing recently held Student Council elections, giving students of Grades 3 to 5 a hands-on experience in leadership and voting. From nominations to speeches, campaigning to counting votes, every step empowered young minds to understand the democratic process and the value of responsible leadership. The excitement in the air was palpable as students actively engaged in debates and discussions, showcasing their leadership potential. The elections provided a platform for creativity and collaboration, allowing students to express their ideas and aspirations for a better school environment. It was an inspiring and impactful event, fostering a sense of responsibility and teamwork among the young participants.

DT'S Ishanvi Singh caught up with Ms. Prisha Adlakha, PYP Facilitator for Q&A session

**Q1. What inspired you to become a kindergarten teacher?**

I became a kindergarten teacher to make a positive impact during the early, transformative years of a child's life. Witnessing milestones like a child writing their name or making a new friend brings me immense joy, as I see firsthand the growth and potential in each child. It's rewarding to be part of their journey from the very beginning. Every day is a chance to spark curiosity and creativity in young minds.

**Q2. How do you create a positive and welcoming classroom environment?**

I create a warm and inclusive classroom where every child feels valued and seen. From greeting each child with a smile to celebrating their individuality through diverse activities, I foster an environment of trust, empathy, and teamwork. I ensure that every child's voice is heard, and their strengths are recognized. The goal is for them to feel safe, supported, and excited to learn each day.

**Q3. How do you balance play and learning in your classroom?**

I believe play is essential to learning in early childhood. I balance structured lessons with playful, hands-on activities that encourage exploration and social-emotional growth, making learning both fun and impactful. Playful learning helps children develop critical thinking, problem-solving, and collaboration skills.

## DPSG Meerut Road Celebrates World Health Day with Creativity and Awareness

Naman Gupta

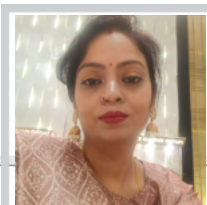

**Ghaziabad:** World Health Day is a global health awareness day, celebrated every year on 7th April. This day is observed to raise awareness about physical health, mental wellbeing and various measures to combat global health challenges.

## Quantum Teleportation: Redefining the Limits of Information Transfer

Quantum teleportation is a phenomenon that enables quantum information to be sent from one place to another, without transferring the actual particles themselves. Quantum teleportation is something that defies our conventional understanding of how information and matter behave in the physical universe. Instead of conveying objects or particles, it is the quantum state of a particle that's transmitted. The mystery of quantum teleportation centres on an odd and potent principle known as entanglement. When two particles get entangled, they create an exclusive connection by which they influence one another instantaneously, irrespective of the distance between them. It implies that if the state of one of the particles changes, the second particle will instantly replicate the change even if the particles are separated by light-years. It is this feature that makes teleportation possible so that scientists can relay information regarding one particle's state to a distant location. In application, researchers utilize quantum entanglement to "teleport" the quantum state of a particle over distance. The procedure does not include transferring the particle itself, but rather reconstituting its quantum state in the exact same manner at another point. This is done by entangling particles and controlling them so that the quantum state is copied with great fidelity at the destination. It has provided new avenues for secure communication networks and may prove to be a key component in the future development of powerful quantum computers.

## The Art of Starting Again

Not everything breaks with noise.  
Some things slip quietly out of our hands  
Plans, people, pieces of ourselves  
We thought would stay.  
And yet,  
Here we are.  
Still breathing.  
Still capable of waking up,  
Of showing up.

Starting again is not failure.  
It is a form of grace.  
A way of telling the world,  
I'm still here,  
  
I still care enough to begin.  
Because the art of starting again  
Is not about forgetting the fall,  
But about remembering  
You are still becoming.
